**FREE Courtesy Parking comes to Yakima Valley Memorial Hospital**

The patient/family experience begins even before you arrive at the hospital's front door. And we all know that first impressions make a big difference. That's why Yakima Valley Memorial Hospital has added FREE courtesy valet parking for patients, families and visitors.

Greeters will welcome guests at the Main and Emergency entrances from 8 a.m. to 8 p.m. Monday through Friday to assist patients/families with directions and other needs they may have as they enter the hospital.

Memorial has partnered with ABM Health Support Services, a company that specializes in healthcare hospitality, to provide the staff and expertise for this new convenience.

Try it out. Tips will not be solicited.
