Children's Miracle Network hospitals help sixty-two children per minute across America & the Solarity Credit Union family is proud to be part of their continuing success by making a \$15,000 donation to Virginia Mason Memorial Hospital of Yakima.

(Washington, United States, Tuesday, May 16th, 2017).

Right now, a Children's Miracle Network (CMN) hospital is working hard to save the lives of many children. A staggering one child per second and 1 in 10 of all children in the United States are treated in a CMN hospital every year. Solarity knows that these are real children behind the statistics who are battling a variety of serious illnesses like cancer, traumatic injuries, and severely debilitating genetic diseases.

Solarity Credit Union has confirmed that it is honored to support the courageous work of Children's Miracle Network with the presentation of a check for \$15,000 to Virginia Mason Memorial Hospital. The contribution is set to assist families in the heart of the Yakima Valley and around Washington by helping CMN fund critical treatments, healthcare services, pediatric medical equipment, and charitable care.

"At Solarity we deal a lot in financial health, and we often make parallels between the financial services industry and the healthy industry. Our "patients" or our customers/members are often vulnerable in our expert care just as patients are with expert the care within Virginia Mason Memorial Hospital and Children's Miracle Network Hospitals," expressed, Mina Worthington, President, and Chief Executive Officer (CEO), Solarity Credit Union. "The management team at Solarity believes that community involvement is more than just giving time and money. We believe it's about building a healthier Yakima and about building a stronger community. We want to promote that idea and make sure we are all doing our part to create a healthier community through giving back. Giving to the community means giving to our most vulnerable and caring for the most vulnerable."

Since being founded by legendary U.S. entertainer, Marie Osmond, in 1983, over \$5.74 billion has been raised for a network of 170 Children's Miracle Network Hospitals and Solarity is proud to help support the cause.

#### **About Solarity Credit Union:**
