## **Attorney Snyder Steps Up to Board !**

Yakima, WA- Scott Snyder a local attorney was appointed to the Rural Community Development Resources Board of Directors last week. Board member Cristina Klatovsky commented, “When we heard Scott would be interested in serving on the board, I wasted no time in inviting him to the final strategic planning session. He fit in perfectly and will be a great asset to the organization.”

Scott Snyder is an attorney at Larson Berg & Perkins PLLC. His current practice focus is on business and estate planning, as well as consulting on international business transactions. Scott is multilingual with a native-level proficiency in Spanish.

Mr. Snyder was a panelist for the Small Farms Conference held in February. The community based organization seeks to economically empower low/moderate income entrepreneurs by providing business assistance and educational workshops. Once they are vetted, they can qualify for a direct loan from the Community Loan Fund, which will create jobs in the community. Economic development projects are promoted that help improve the quality of life for young people and create safer neighborhoods.
