CENTRAL WASHINGTON STATE FAIR CLOSING EVENTS THRU MARCH

In light of the recent announcement by City of Yakima, Yakima County and county officials declaring a state of emergency due to the COVID-19, all SunDome and State Fair Park events are cancelled through the end of March.

This will affect this weekend's Central Washington Home Builder Show that was set to start today.

The Central Washington State Fair Association will continue to monitor the developments and work with Yakima County officials. Kathy Kramer, President and CEO of the Central Washington Fair Association states, "In the interest of public safety and supporting our local officials, we have immediately canceled all events. We appreciate your patience and thank you for your understanding."
